

**5 reasons why
Natural Gas
Infrastructure
in Nigeria is
like an ONION!**

Emeka Ene, Oida Energy Group

Gas Infrastructure is an Onion

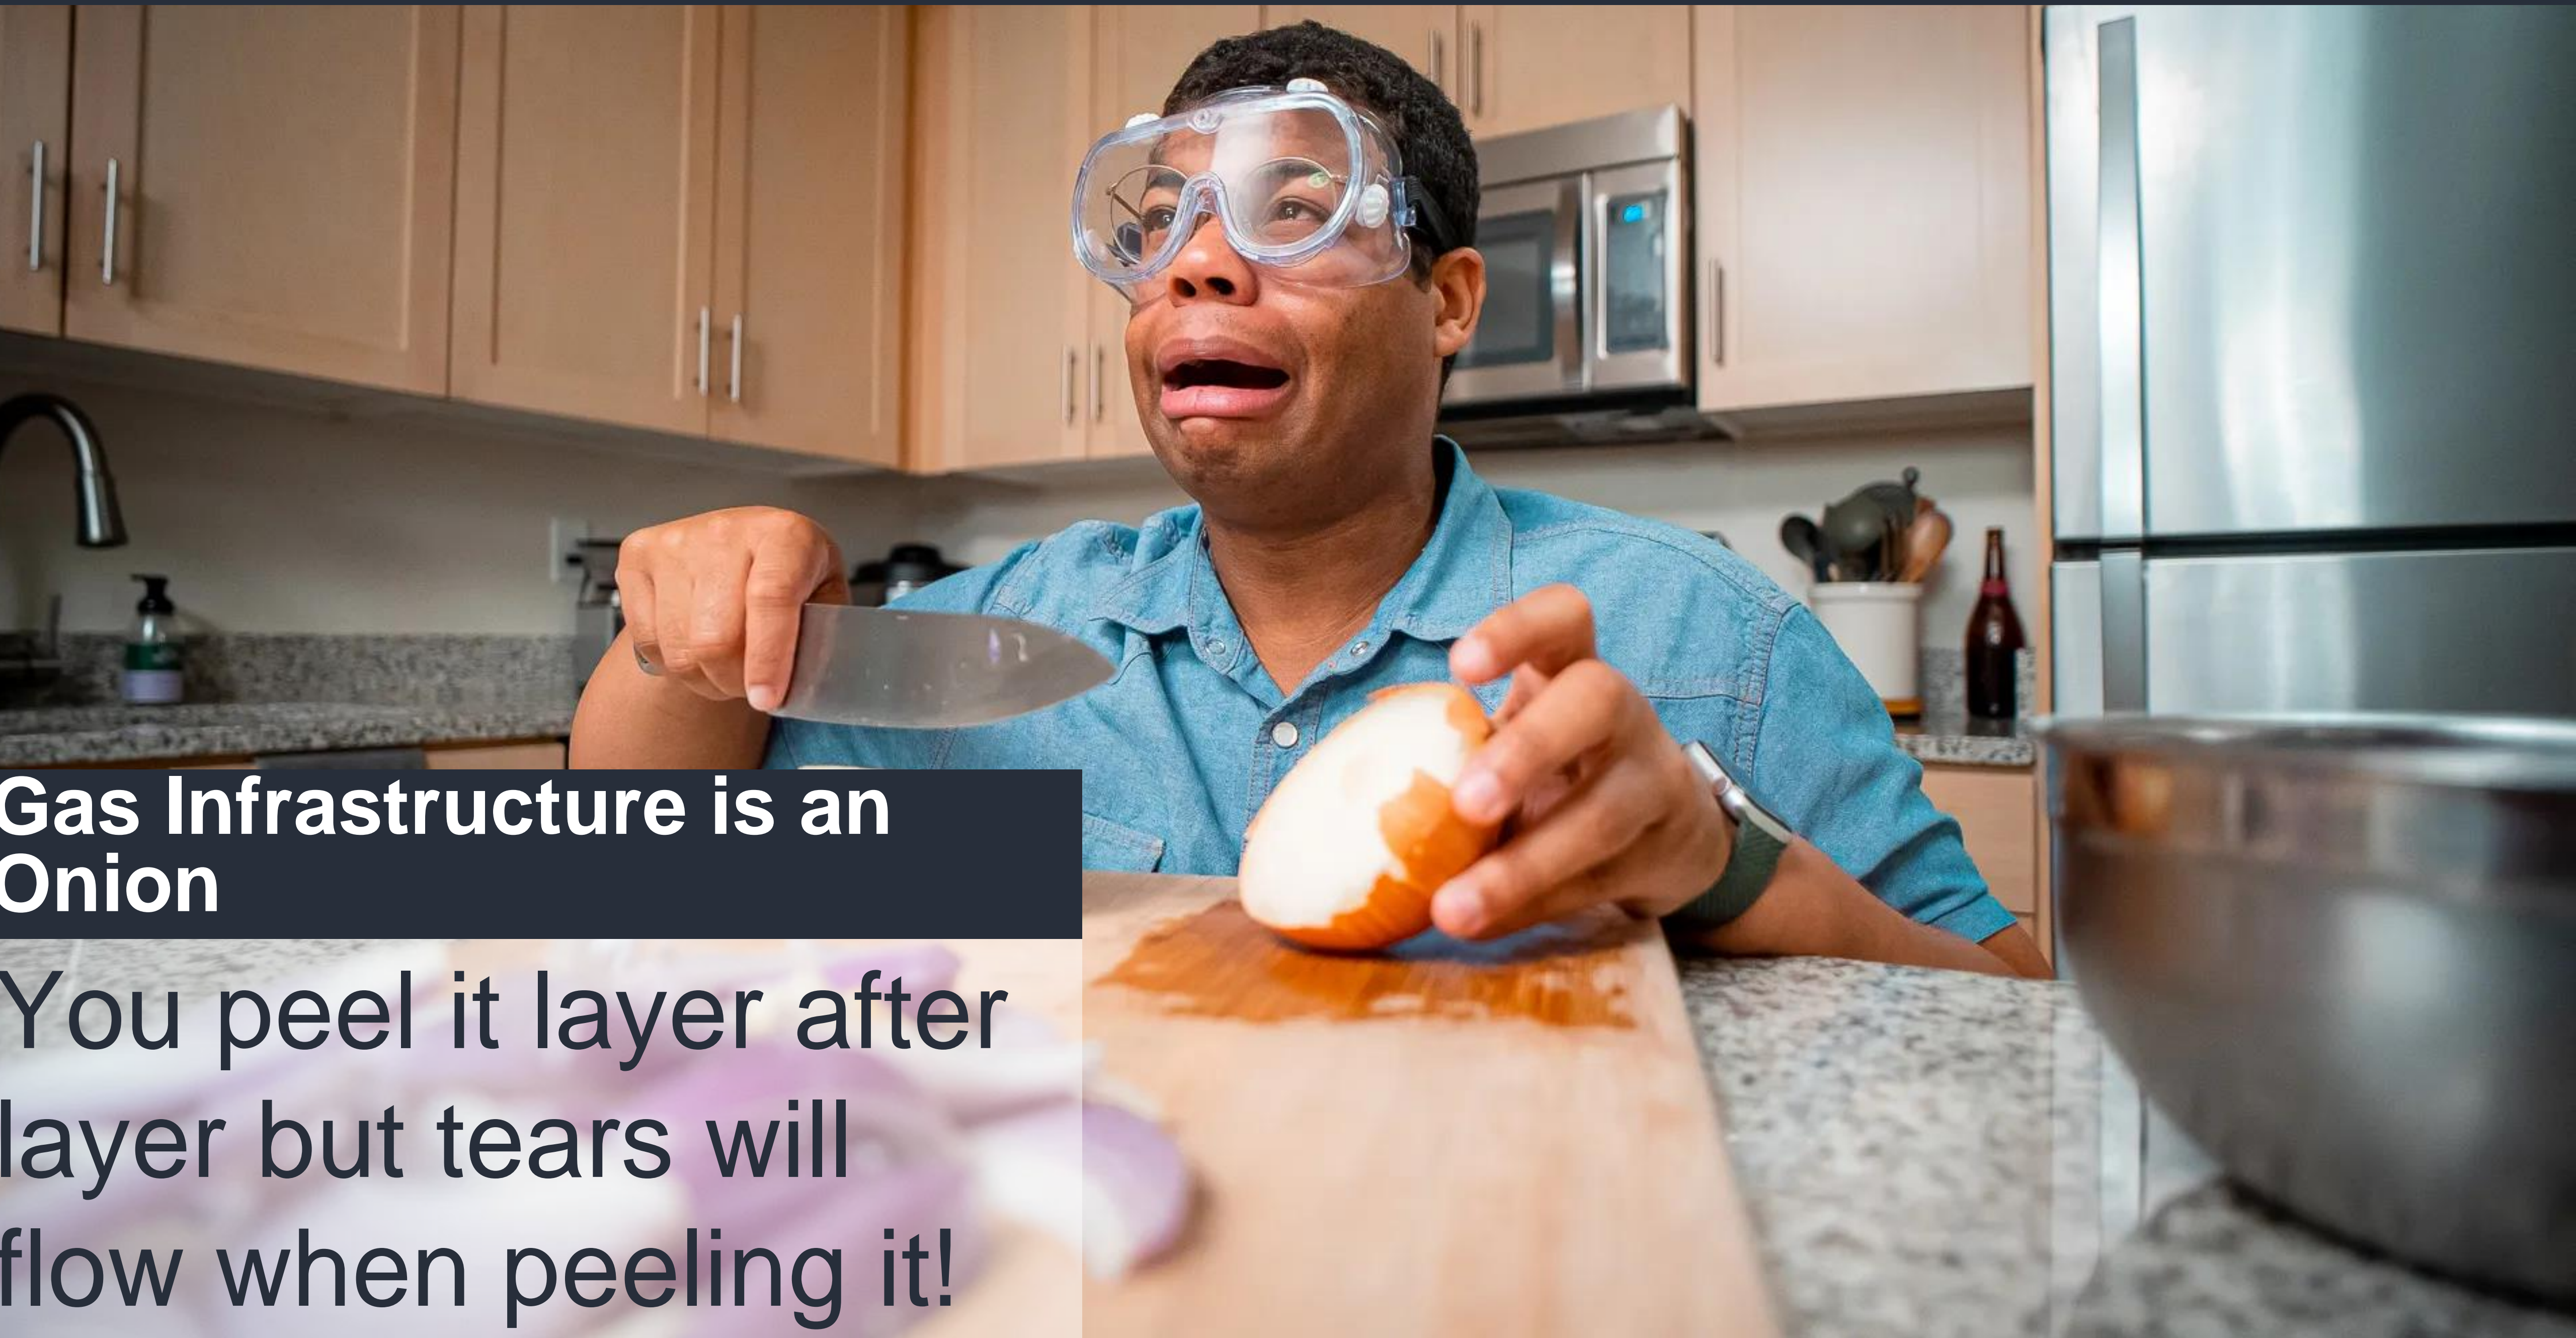

You peel it layer after layer but tears will flow when peeling it!

1. Gas Infrastructure Development Strategy should be End-to-End

**You cant sell Onions without talking
with one another!**

2. Open Access – Willing Buyer-Willing Seller (Network Code)

You cant sell Onions without talking with one another!

Investing in Gas, like some of our wallets, is like an Onion.

Opening it can make you Cry!

3. Gas Infrastructure de-risks Gas-intensive Projects.

**Eating Suya without
Onions is like
building gas
infrastructure without
any gas to put inside!**

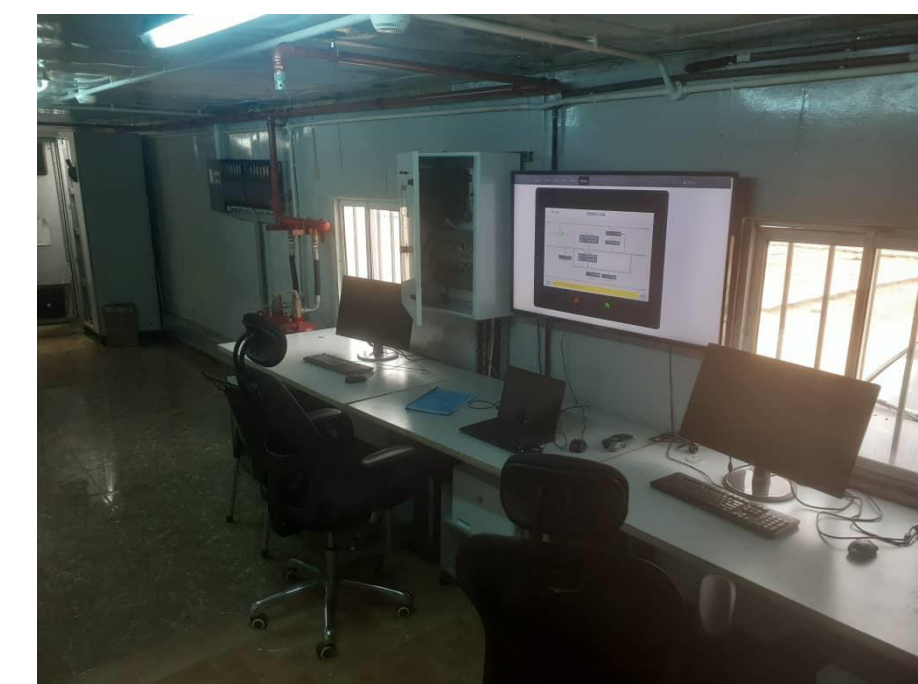

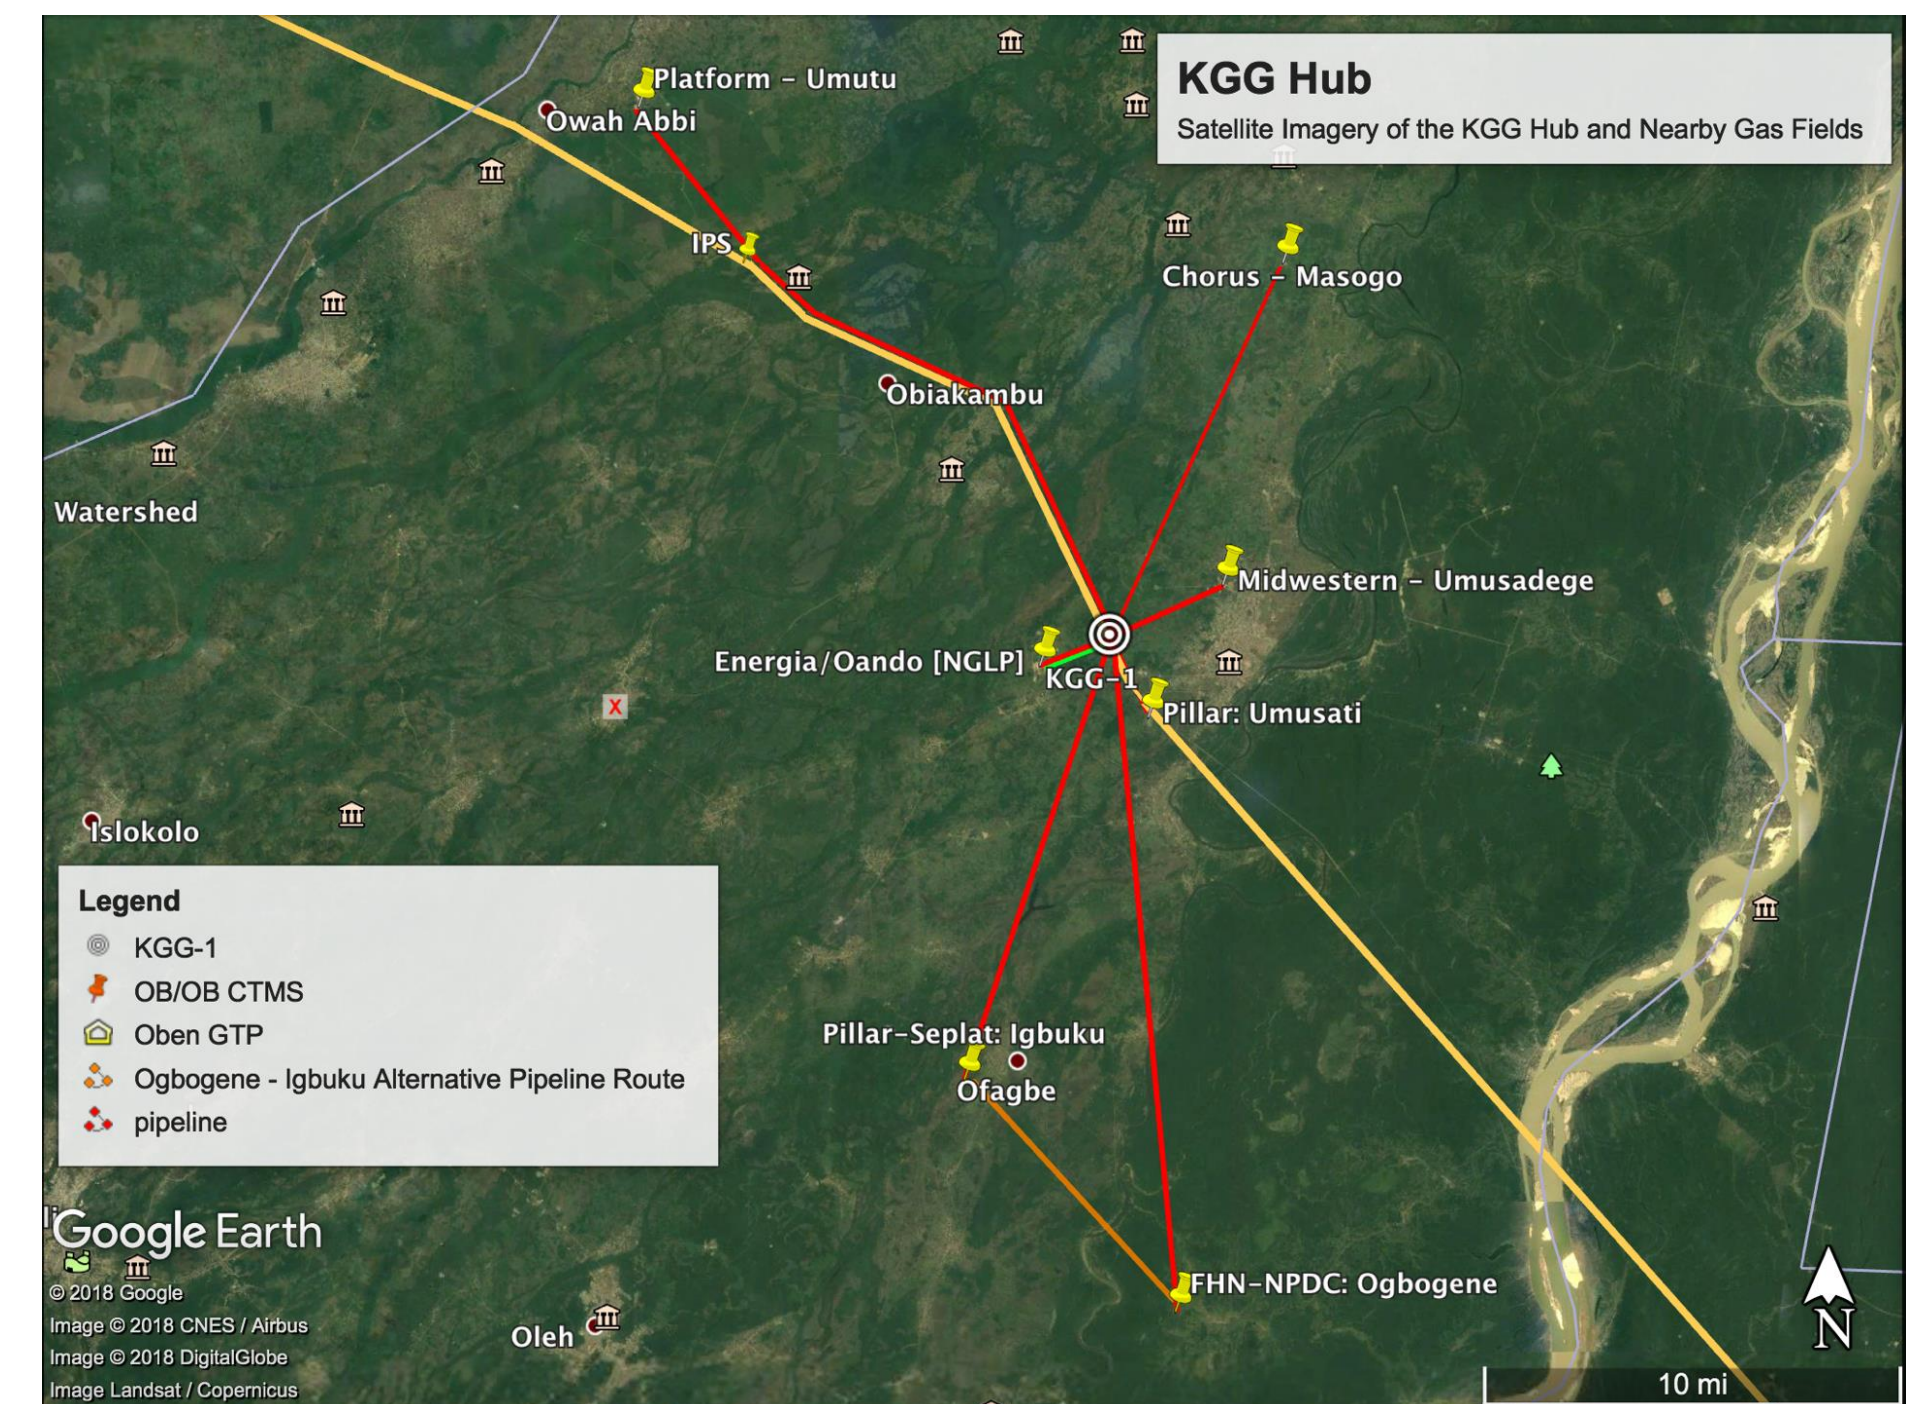

4. Interconnectivity guarantees
Security of Supply.

When an
orange tastes
like an onion,
the knife takes
the blame.

When an orange tastes like an onion, the knife takes the blame.

But it is the one who handed us the knife that should be questioned.

Sustainability

Market-Driven Policies & Deregulation Accelerates Gas Market Growth:

- ❖ **Market fundamentals:** Demand for natural gas, sources of supply, and supply competition.
- ❖ **Energy market regulation:** independent market authority
- ❖ **Ancillary policies:** the policies and regulations that affect natural gas markets indirectly.

A woman (*or man*) always has half an onion left over, no matter what the size of the onion, the dish, or the woman (*or man*).

Terry Pratchett

Gas Infrastructure is
an enabler of
development

therefore,
“Know your
Onions!!”
